Dear Paul Dolan:

Subject: Recognition of FAA Accepted Corporate Enterprise SMS

This letter acknowledges Aviation Technical Services, Inc. (HN6R), Aviation Technical
Services, Inc. (HN62), Aviation Technical Services, Inc. (HN6D), and ATS Components Inc.
(T42R) as having an accepted Safety Management System (SMS) recognized by the Federal
Aviation Administration (FAA) in accordance with the requirements set forth in the
Corporate Enterprise SMS Voluntary Program. This letter supersedes any previous letter of
"Recognition of Fully Functional SMS" addressed to Aviation Technical Services, Inc.
(HN6R) prior to the date of this letter.

Formal SMS development consists of voluntary SMS implementation by operators and other
aviation service providers using FAA stated standards. Those standards are based on the
SMS framework specified by the International Civil Aviation Organization (ICAO) Annex
19, and further detailed in ICAO document 9859, Safety Management Manual (SMM).
Participation in this program signifies that these companies' have implemented an SMS
aligned with international standards.

The Certificate Management Teams will continue to assess the performance of each company
in maintaining their current SMS statuses. Your companies must continue to apply the SMS
processes that you developed and implemented to meet the FAA's Corporate Enterprise SMS
Voluntary Program requirements.

Thank you for your continued commitment to improve aviation safety in our National
Airspace System and again, congratulations on your momentous achievement.

Sincerely,

JEFFREY
